

Therapy Deluxe Drainage Couch

The deluxe drainage couches have the same head section options as the standard 2 and 3 section therapy couches and also provides the option of having the backrest/foot section supplied in a split leg model for additional mobilisation techniques. The electric drainage facility can be operated on either side, via a simple push button hand switch mounted near the top frame. This facility provides angular adjustment to +25° at the hinge point of the of the mid and foot sections. The perimeter foot switch system is standard on these models.
